

DCI/Log

19 September 1988

OCA 88-3094

Alexander "Anti-Stonewalling Act" Amendment. Although the House continued its consideration of the omnibus, anti-drug bill on 16 September, it did not reach the Alexander amendment. On 22 September, the House is expected again to take up the drug bill and will probably reach the Alexander amendment. Overall, Congressional activity probably will be at a low level until 22 September as a result of the Yom Kippur holiday.
